Known for her enthusiasm and ambitious nature, Kia is an activist for the GivenGain Foundation, and was a Celebrity Ambassador for the highly successful Vote for Table Mountain campaign which led to Table Mountain being voted one of the New 7 Wonders of Nature. Kia was one of the first celebs to add her stamp to this campaign, and was known for going the extra mile for this cause, utilising her media profile to promote it wherever she could, and even involved scores of schoolchildren in her campaign. She is actively involved in community projects for Tygerberg Children's Hospital (TCH) and the "Intyatyambo Community Project", and one of her other passions is supporting local music talent, especially in Cape Town. She has done this via her work at LMX, a recording facility that caters for the local market in South Africa where the likes of Locnville, Red Light in June and 12th Avenue have recorded albums.
