

METHAPO SOUNDS

Methapo Sounds, an afro-fusion band led by multi-instrumentalist Mosoeu Kettlele, fuses African traditional instruments (mbira's, lesiba, makhoyane, ixhana, sekgankuza, setorotoro, and many others) and western instruments (piano, bass, and lead guitar, congas and drums), to create a very unique sound which could be described as "truly South African".

SOUTH AFRICAN NOTEWORTHY PERFORMANCES

- African parliaments
