

THE STICKY TRIGGERS

Specialising in the musical styles and traditions of yesteryear, **The Sticky Triggers** are well known for their flawlessly executed and highly entertaining performances. The band's unique sound is an amalgamation of 1940's and 50's America, the vibrancy of the Sophiatown era, sensual Cuban arrangements, and both local and international Pop hits.

The Sticky Triggers is a twenty piece big band, and can be downsized depending on the event, with the trio format being the smallest available ensemble. The band guarantees a world class performance, whether for a corporate event, wedding, private party or large scale production; or as a session band for popular and headline artists. With expert musical direction, live arrangement and performance co-ordination existing within the band's management structure, The Sticky Triggers can offer a uniquely integrated entertainment service to clients and producers.
