

## VUTHELA MARIMBA TRIO

The Vuthela Marimba trio, consisting of 2 marimbas plus saxophone, was formed in 1998. Their repertoire includes South African, Zimbabwean marimba, Caribbean, Cape, and South African Jazz transcriptions.

The trio has performed at numerous weddings and African themed parties across the Western Cape, as well as for corporate functions for companies like KPMG and Egoli Tours, as well as Government functions, and having ex-president Nelson Mandela in the audience during one of their performances, was an unforgettable highlight for the trio.
